

Welcome To Fall

October 26th! 6:30-8:30

Join us for a night of family fun
We will have Games, Food and
Special Guest. Wear your
costumes

Dear Parents,

We made it to October!! We have lots of fun things planned this month so please mark your calendars. The weather will start to get cooler and your children will need to dress for the occasion. Please make sure Everything your child brings from home is labeled clearly with your child's name.

We require you to accompany your child in and out of their classroom. Please Do not drop your child off at the front door For them to walk in by themselves, this is a safety policy.

Medication Policy

We distribute prescription medicine at 10:00 AM and 3:00PM. The only exception to this is breathing treatments or inhalers used "as needed". Since we are not a medical facility, we prefer To seriously limit the amount of medication we dispense, Therefore we will only administer medications that are required to be given three or more times a day per the prescription label. Medication will only be dispensed with the written parental permission. Medicine must be signed in daily with the front desk and paperwork must be filled out properly including the medication name, dosage, time and date the medicine is to be given. Expired medication will not be given.
