Dear Parents

We would like to wish all our families a very happy and healthy **New Year!** May all the magic of the holidays be with you! Beginning January 1st, 2019, all Tree House Academy of Rowlett's policies and procedures will be enforced as it is written in the Parent Handbook. Please feel free to stop by the Front Desk if you have any questions or to request a copy of the Parent Handbook to review.

January is National Thank You Month:

Did you know that having an attitude of gratitude can actually make you healthier and happier? We are going to celebrate National Thank You Month by reaching out to those around us and letting them know how much we appreciate them and the things that they do for us by writing letters to our fire station, postal works, police officers, and more!!

Inclement Weather Procedures:

In case of inclement weather or in an emergency, we will match the nearest Independent School Districts' opening and closing information. Upon multiple closing days it is up to the Center Directors discretion, based on safety for the staff, families and children, to re-open the school and/or delay the opening of the school. Please see the centers Facebook page for up-to-date information regarding the centers closings. In the event of early release, parents will be notified via email provided to the school and/or at the telephone numbers we have on record for your child. Please remember if your phone numbers or email address has changed let the school know as soon as possible.

Happy Birthday

Thank you for your cooperation and support in helping us keep your children and our faculty safe.
